

# Westfield Airport UL/LSA Fly-in

## PILOT INFORMATION

## PATTERNS

- All patterns are standard left hand.
- If performing low passes, **DO NOT FLY DIRECTLY OVERHEAD PEOPLE OR BUILDINGS**. It is recommended that the low pass be performed from south to north, inside the normal downwind/upwind leg of the runway pattern (i.e. along the game area).

## TAXIING

- **USE CAUTION WHEN TAXIING**, especially when transitioning to/from the south parking area, as pedestrians will be frequently walking across that area from the auto parking spots to the food & info hangar.
- An area for aircraft games has been identified (see photo, schedule TBD). If/When games are in progress a controller with a handheld transceiver will be available to inform pilots when it is clear to taxi to/from the runway.

## FUEL

- 91 Oct Ethanol-Free Mogas (Countrymark) will be available on field. A schedule will be posted with times that a fuel attendant will be available.

## INDIANA

**WESTFIELD** (172) 2W UTC-5(-4DT) N40°02.94' / W86°09.47' **CHICAGO**

## **GAMES**

- **The Indy Flyers, and airport management, have the right to refuse entry of any pilot or aircraft into the games that they deem necessary.**
- **All games are played at the pilot's discretion and the pilot holds sole responsibility for determining if they, and their aircraft, can safely participate in the event.**
- **The actual games that will be played will be determined on the day of the event based on interest, weather, and ability of the volunteers to safely put on the event.**
